Description	<p>A cattle migration conference agreement which establishes the conditions for the Dinka Agar community to move their cattle to Toc and is also in part an inter-communal reconciliation to address inter and intra communal conflict in the lakes state and surrounding areas. The agreement provides for compensation to victims of previous conflict and inter-communal cattle disputes. The agreement also contains annexes which describe pending issues which should be continued through dialogue and efforts from state government and monitoring bodies. These include reference to provisional agreements from the pre-agreement process to this conference and agreement. One annex sets out the list of outstanding issues between communities and on cross-border issues concerning other counties or communities. The second annex sets out the unilateral agreements or statements by each of the communities represented in the signing of this agreement, setting out each of their conditions and grievances which shape the premise of holding this conference and agreement.</p>
