El Salvador Civil War (1979 - 1992)

The civil war in El Salvador lasted from 1979 to 1992 between an authoritarian government and non-state opponents. Following a failed coup d'état, five leftist guerrilla movements merged to form the umbrella organisation Farabundo Marti National Liberation Front (FMLN). U.S. support for the central Salvatorean government after 1979 lasted until its collapsed in late 1980s, after which the right-wing Republican National Alliance (Arena) filled the power vacuum. In March 1990, the rebels announced a suspension of attacks on non-military entered into talks backed by the UN and Catholic Church with the government. Despite the talks violence peaked over the next two years until the Chapultepec Peace Accords were signed in Mexico City in February 1992. Another ceasefire was signed a month later, which lasted nine months and was never broken during that time. Arena won the 1994 presidential elections and maintained a significant portion of the legislature until 2009, when the FMLN attained the presidency.

8. Legal solution to the participation of FMLN members in COPAZ, once the latter formalizes its existence.
9. Special security measures

Immediately after the signing of this Agreement, special security measures shall be taken to protect any FMLN leaders who may require such protection. 1. Preamble, One of the prerequisites for the democratic reunification of Salvadorian society is the sustained economic and social development of the country. At the same time, reunification of Salvadorian society and a growing degree of social cohesion are indispensable for fostering development. Hence, the set of agreements required to put a definitive end to the armed conflict in El Salvador must include certain minimum commitments to promote development for the benefit of all sectors of the population.

Page 33,6. Measures to alleviate the social cost of structural adjustment programmes

A. Consumer protection

The Government of El Salvador undertakes to adopt policies and create effective mechanisms for consumer protection in accordance with the requirements set out in the last part of article 101, paragraph 2, of the Constitution. In order to comply with this constitutional requirement, the Government undertakes to submit to the Legislative Assembly, within 60 days from the signing of this Agreement, a consumer protection bill providing for the strengthening of the Ministry of Economic Affairs, which could be a first step towards the establishment of an Office of Consumer Protection Advocate (Procuraduría General de Defensa del Consumidor).

C. Social welfare programmes

The Government of El Salvador shall seek to strengthen existing social welfare programmes designed to alleviate extreme poverty. Additional external resources shall be sought for this purpose.

7. Procedures for direct external cooperation for community development and assistance projects

The Government of El Salvador shall facilitate private direct external cooperation for community development and assistance projects, provided that assistance is channelled in accordance with foreign exchange and lending regulations. Official direct external cooperation may also be approved, subject to the provision of the requisite information on the purposes of such cooperation.

The Government shall grant legal and institutional facilities to private sources of direct external cooperation benefiting communities, social organizations and national non-governmental organizations: it shall not discriminate among the latter, provided that it is ascertained that they are engaged in or wish to engage in integrated development projects. Former combatants of both Parties shall have access to external cooperation funds.

9. National Reconstruction Plan

Within 30 days from the signing of the agreement on the cessation of the armed conflict, the Government of El Salvador shall submit to FMLN the National Reconstruction Plan which it has drawn up, so that the recommendations and suggestions of FMLN, like those of the various sectors of national life, may be taken into account, ensuring that the Plan reflects the country's collective wishes.

The main objectives of the Plan shall be the integrated development of zones affected by the conflict, satisfaction of the most immediate needs of the population hardest hit by the conflict and of former combatants of both Parties, and the reconstruction of damaged infrastructure. In particular, in the context of the corresponding national programmes, measures shall be taken to facilitate the reintegration of FMLN into the country's civil, institutional and political life, including fellowship, employment and pension programmes, housing programmes and programmes for starting up new businesses.

The Plan shall pay special attention to the need to promote job creation on a massive scale and to increase the production of basic foodstuffs, which shall be a priority for the State. To that end, the Government shall promote the integrated development of agricultural, stockbreeding, fisheries, forestry and agro-industrial activities, guarantee the provision of basic social services and launch the construction and rehabilitation of economic and social infrastructures. The National Reconstruction Plan shall also include programmes for the war-disabled and the relatives of victims among the civilian population.

Given the magnitude of the additional resources that will be required for the implementation of the Plan, both Parties appeal to the international community to lend its fullest support to the fund-raising effort. To this end, a national reconstruction fund shall be established, to be supported by the United Nations Development Programme.

The role of UNDP shall include advising the Government on all matters relating to the mobilization of external support, assisting in the preparation of projects and programmes likely to attract such support, facilitating approaches to official bilateral and multilateral agencies, mobilizing technical assistance and cooperating with the Government in harmonizing the Plan with the activities of non-governmental organizations involved in local and regional development activities.

The Government of El Salvador shall see to it that the national financial system has the resources it needs to meet the demand for credit of the agricultural sector in general and of micro- and small-scale enterprise and small-scale peasant production, including cooperatives in the reformed and the non-reformed sector, in particular.

It shall also establish rules governing loans for agricultural and industrial production so that such loans are granted in a timely manner and in amounts sufficient to sustain productive capacity and the marketing of the goods produced. To that end, it shall promote an increase in loans by the commercial banking system to small businessmen and small-scale enterprises.

B. Active involvement of target sectors

The Government also undertakes to permit and promote the active involvement of target sectors in both the design and the administration of special credit programmes for those sectors. To that end, the Government undertakes to increase the participation of organizations representing the sectors referred to in the preceding section in developing policies of the Agricultural Guarantee Fund, FIGAPE, FEDECREDITO and BFA, and to ensure that the financial position of these institutions remains sound and that they become conduits for channelling external resources into loans for micro- and small-scale enterprise, small-scale peasant production and cooperatives in both the reformed and the non-reformed sector.

the sector. In this connection, the Government shall seek external financial resources to increase the operations of the Agricultural Guarantee Fund as a mechanism for facilitating lending to small- and medium-sized farmers and their cooperatives, without adversely affecting the financial health of lending institutions.

2. The agrarian problem

A. Lands in excess of the constitutional limit of 245 hectares

The Government of El Salvador shall transfer rural farmland that has not yet been transferred under articles 105 and 267 of the Constitution of the Republic.

It likewise undertakes to ensure that implementation of the relevant constitutional requirements is not evaded by owners of rural holdings in excess of 245 hectares.

B. State-owned lands which are not currently part of a forestry reserve

The Government of El Salvador shall transfer to beneficiaries of the agrarian reform, as provided in article 104 of the Constitution, State-owned rural farmland which is not part of a forestry reserve.

Under the various land-transfer programmes which the Government of El Salvador is carrying out with State-owned farmland, preference shall be given to former combatants of both Parties who so request voluntarily, are of peasant origin and familiar with farming, and possess no land of any kind. The size of the lots shall be determined by the amount of land available, as mentioned above, and the number of beneficiaries who meet the conditions set out in this section.

C. Lands offered for sale to the State

Making use of the legal, technical and financial resources available to it, the Government of El Salvador shall seek to acquire and transfer through the Land Bank lands voluntarily offered for sale by their owners. Once the said lands are acquired, they shall be transferred to beneficiaries of the agrarian reform.

D. Recipients of lands transferred in accordance with the preceding sections

The lands acquired under sections A, B and C of this chapter shall be used to satisfy the need for land of landless peasants and small farmers. Specifically, title to the land shall be transferred legally to the peasants and small farmers designated by law as beneficiaries of the agrarian reform.

E. Payments for land

The lands referred to in the preceding sections shall be transferred at market prices and on the same credit terms as are granted to beneficiaries of the reformed sector. At the same time, a system of payments may be established on the basis of a fixed price and long-term financing at low, fixed interest rates not subject to interest capitalization. Domestic credit shall be supplemented with financing from international cooperation, for which a special fund, financed from external resources, shall be established for the purchase of land.

F. New legislation

Since the current agrarian legislation is haphazard, contradictory and incomplete, the Parties agree that it must be harmonized and unified into an agrarian code. To this end, the Government shall submit the relevant draft legislation to the Legislative Assembly no later than 12 months after the signing of this Agreement. If it fails to do so, COPAZ shall take on the task of preparing the corresponding preliminary draft.

3. Lands within conflict zones

A. The land-tenure system in conflict zones

In accordance with the New York Agreement, the current land-tenure situation in conflict zones shall be respected until a satisfactory legal solution for the definitive land-tenure system is arrived at. Consequently, landholders shall not be evicted pending agreement on such a solution; moreover, they shall be given financial support to increase

1. The cessation of the armed conflict (hereinafter referred to as the CAC) is a brief, dynamic and irreversible process of predetermined duration which must be implemented throughout the national territory of El Salvador. During the CAC, there shall be no substantive negotiations but only the measures necessary to put into practice the agreements reached during the negotiating process.

2. The CAC shall begin on 1 February 1992 (hereinafter referred to as D-Day) and shall be completed on 31 October 1992.

3. The CAC consists of four elements, as defined herein:

a. The cease-fire;

b. The separation of forces;

c. The end of the military structure of FMLN and the reintegration of its members, within a framework of full legality, into the civil, political and institutional life of the country;

d. United Nations verification of all the abovementioned activities.

This chapter also includes agreements on the restoration of public administration in conflict zones and the use of the mass media to promote reconciliation (see annexes E and F).

The cease-fire

4. The cease-fire shall enter into force officially on D-Day.

5. As of that date, each of the parties shall, as appropriate, refrain from carrying out any hostile act or operation by means of forces or individuals under its control, meaning that neither party shall carry out any kind of attack by land, sea or air, organize patrols or offensive manoeuvres, occupy new positions, lay mines, interfere with military communications or carry out any kind of reconnaissance operations, acts of sabotage or any other military activity which, in the opinion of ONUSAL, might violate the cease-fire, or any act that infringes the rights of the civilian population.

6. Official verification of compliance with the undertaking described in the preceding paragraph shall begin on D-Day. Any alleged violation of the cease-fire shall be investigated by ONUSAL.

7. During the period between the signing of this Agreement and D-Day, the two parties shall observe an informal cease-fire under which they undertake not to carry out any of the activities described in paragraph 5.

8. ONUSAL shall deploy its personnel and equipment during the informal cease-fire period, so as to be able to verify all aspects of the CAC as of D-Day.

3. Purification
4. Reduction
5. End to impunity
6. Public security forces
7. Intelligence services

11. Suspension of forcible recruitment
12. Preventative and promotional measures
13. Redeployment and discharge

1. The cessation of the armed conflict (hereinafter referred to as the CAC) is a brief, dynamic and irreversible process of predetermined duration which must be implemented throughout the national territory of El Salvador. During the CAC, there shall be no substantive negotiations but only the measures necessary to put into practice the agreements reached during the negotiating process.

2. The CAC shall begin on 1 February 1992 (hereinafter referred to as D-Day) and shall be completed on 31 October 1992.

3. The CAC consists of four elements, as defined herein:

a. The cease-fire;

b. The separation of forces;

c. The end of the military structure of FMLN and the reintegration of its members, within a framework of full legality, into the civil, political and institutional life of the country;

d. United Nations verification of all the abovementioned activities.

This chapter also includes agreements on the restoration of public administration in conflict zones and the use of the mass media to promote reconciliation (see annexes E and F)...

Separation of forces

9. The purpose of the separation of forces is to reduce the risk of incidents, to build trust and to allow ONUSAL to verify both parties' compliance with this Agreement.

10. The separation of forces shall take place in two stages, so that the Salvadorian armed forces (FAES) fall back progressively from their present positions until deployed as they would normally be in peacetime and the FMLN forces are concentrated progressively in designated locations within conflict areas as determined in annex D.

11. During the first stage, which shall coincide with the five days following D-Day, FAES land forces shall go to the barracks, bases, existing semi-permanent facilities and other locations listed in annex A and FMLN forces, except for the combatants mentioned in paragraph 18, shall go to the places listed in annex B. The places listed in annexes A and B generally reflect the present deployment of the two parties' forces.

12. The movements described in the preceding paragraph shall be made under the supervision of ONUSAL. Neither party shall do anything to prevent or jeopardize the movement of the other party's forces during this period. ONUSAL military observers shall closely supervise all the places listed in annexes A and B and shall in principle be present 24 hours a day in each of those places as of D-Day.

13. During the period between D-Day + 6 days and D-Day + 30 days, FAES land forces shall fall back to their peacetime positions as listed in annex C and FMLN forces, except for the combatants mentioned in paragraph 18, shall fall back to the locations indicated in annex D. The precise designation of such locations shall be determined by the ONUSAL Chief Military Observer, in consultation with the two parties, during the informal cease-fire period.

14. The movements described in the preceding paragraph, which shall also be supervised by ONUSAL, shall be carried out according to phased programmes agreed between the ONUSAL Chief Military Observer and the two parties during the informal cease-fire period, through the joint working group to which reference is made in paragraph 32. During this task, the group shall be guided as appropriate by the agreed timetable for the implementation of the agreements reached

Intelligence services

Page 7, 7. Intelligence services:

A. The National Intelligence Department shall be abolished and State intelligence services shall be entrusted to a new entity to be called the State Intelligence Agency, which shall be subordinated to civilian authority and come under the direct authority of the President of the Republic. During the transitional period, the Director of the State Intelligence Agency shall be a civilian appointed by the President of the Republic on the basis of his ability to attract broad acceptance. He may be dismissed by resolution of the Legislative Assembly on grounds of serious human rights violations.

B. The legal regime, staff training, organizational lines, operational guidelines and, in general, the doctrine of the State Intelligence Agency shall accord with democratic principles; the concept of State intelligence as a State function for the common good, free from all considerations of politics, ideology or social position or any other discrimination; and strict respect for human rights.

C. The activities of the State Intelligence Agency shall be restricted to those required for compiling and analysing information in the general interest, by the means and within the limits authorized by the legal order and, in particular, on the basis of strict respect for human rights.

D. The activities of the State Intelligence Agency shall be supervised by the Legislative Assembly, using the oversight mechanisms established by the Constitution.

E. Alternative employment and compensation shall be offered to staff currently attached to the National Intelligence Department who are not incorporated into the new State Intelligence Agency. International support shall be sought for that purpose.

F. The incorporation into the State Intelligence Agency of staff of the National Intelligence Department who so request shall be permitted only after rigorous evaluation of their past performance, abilities and capacity to adapt to the new doctrine. Such evaluation shall be made by the Director of the Agency, under the authority of the President of the Republic, with the support of international advisory services and United Nations verification.

G. The State Intelligence Agency shall be organized by its Director, under the authority of the President of the Republic.

End of the military structure of FMLN and reintegration of its members, within a framework of full legality, into the civil, institutional and political life of the country

26. Between D-Day + 6 and D-Day + 30, according to the phased programmes referred to in paragraph 14, FMLN shall concentrate in the 15 designated locations listed in annex D all arms, ammunition, mines, other explosives and military equipment belonging to its forces, both those concentrated during the first stage in the places listed in annex B and those belonging to its clandestine forces, and ONUSAL shall verify that they tally with the information given in the inventories it has received in accordance with paragraph 16.

27. In each of the 15 designated locations, all the arms and equipment mentioned above, save for the personal weapons and equipment of combatants present in the place, shall be kept in locked warehouses. Each warehouse shall have two locks, one key to which shall be kept by ONUSAL and the other by the FMLN commander in the place. ONUSAL shall verify the contents of such warehouses periodically to ensure that there has been no change in them.

28. During the CAC period, FMLN members shall keep their personal weapons and equipment as long as they remain in the designated locations. When they leave those places in order to be reintegrated, within a framework of full legality, into the civil, political and institutional life of the country, their personal weapons shall also be deposited in the locked warehouses referred to in the preceding paragraph. Combatants who are still in the designated locations when the programme for the destruction of arms, etc. provided for in the next paragraph begins, shall deposit their personal weapons and equipment in the locked warehouses, for verification by ONUSAL, immediately prior to their destruction according to a programme agreed with ONUSAL.

29. Between 15 and 31 October 1992, FMLN shall destroy all arms and equipment deposited in designated locations according to the arrangement described above, in the presence and under the sole supervision of ONUSAL and with its technical advice. Such destruction shall be carried out simultaneously in all 15 places designated for FMLN. FMLN shall dispose of the remains of the destroyed weapons.

Mechanism Page 6, Chapter I: Armed Forces
5. End to impunity
The Parties recognize the need to clarify and put an end to any indication of impunity on the part of officers of the armed forces, particularly in cases where respect for human rights is jeopardized. To that end, the Parties refer this issue to the Commission on the Truth for consideration and resolution. All of this shall be without prejudice to the principle, which the Parties also recognize, that acts of this nature, regardless of the sector to which their perpetrators belong, must be the object of exemplary action by the law courts so that the punishment prescribed by law is meted out to those found responsible.

30. The numbers of ONUSAL military and civilian personnel shall be increased to enable it to fulfil its tasks related to the agreed processes, as described in this Agreement.

31. The Secretary-General shall request the Security Council to approve this increase in the mandate and personnel of ONUSAL. He shall also request the General Assembly to provide the necessary funding from the budget. The composition by country of the military component of ONUSAL and the appointment of the commander of its military division shall be decided by the Security Council on the recommendation of the Secretary-General, who shall first consult with the two parties. In order to fulfil its new tasks effectively, ONUSAL will require, as in the other aspects of its mandate, complete freedom of movement throughout the territory of El Salvador.

32. To facilitate the application of this Agreement, a joint working group shall be set up immediately after the Agreement has been signed. The working group shall consist of the ONUSAL Chief Military Observer, as Chairman, and one representative from each of the parties. The members of the working group may be accompanied by the necessary advisers. The Chairman of the working group shall convene its meetings on his own initiative or at the request of either or both of the parties.

Enforcement mechanism Page 43, Chapter VIII: United Nations Verification

1. The United Nations shall verify compliance with this Agreement and with the San José, Mexico City and New York Agreements of 26 July 1990, 27 April 1991 and 25 September 1991, respectively, with the cooperation of the Parties and of the authorities whose duty it is to enforce them.

2. The international cooperation referred to in this Agreement shall be coordinated by the United Nations and shall be subject to a formal application by the Government, compliance with official formalities and the appropriate consultations.
