Local agreement properties

Process type	Isolated example
Rationale	The local government actors were only taking part in signing this agreement, and no others. There was no suggestion of involvement of the Croatian government, and the fighting itself ceased in the area of Ilok after most of the citizens and Croatian forces left in the convoy agreed to in the document.
Is there a documented link to a national peace process?	No
Link to national process: articulated rationale	This agreement was not part of any other negotiation process in Croatia, as it was signed by local government officials and the area in question was under JNA control after the agreement was implemented. There was no evidence of link to negotiations that the Croatian government was part of and the European Community monitors were not engaged in other such negotiations, stating later that their role was to observe the process rather than mediate.
