Rationale	This agreement was signed in relation to the erection of a road block outside the village of Ahmici, and violence between the HVO Santici and the local Territorial Defence group. There is no evident practice of signing agreements between these groups and villages before this outbreak of violence, and this agreement cannot be linked to any other talks. It appears to be separate from the BRITBAT process between the HVO and the Armed Forces of Vitez in the nearby town of Vitez.
Is there a documented link to a national peace process?	No
Link to national process: articulated rationale	There is no stated link to a national processes, and secondary searches do not result in any sources that suggest a link to the attempted talks at the time in Sarajevo. It appears to be an ad hoc agreement between local defence groups relating to a specific barricade.
