Local agreement properties

Process type Formal structured process

Rationale The signatories of this agreement met for two days under the initiative of the Government of Southern Kordofan State and Abyei Administration and in presence of high-level representatives (State Security Committee, United Nations Mission in Sudan, Dutch Ambassador). The Governor of Southern Kordofan State presided over the event. This suggests a certain level of formality. It does not seem to be an isolated example as another agreement between representatives of the Misseriya and Dinka Ngok was signed about one and a half years later (see 'Preliminary Agreement: Dialogue between the Ngok Dinka community and Misseriyya' of 10/08/2012).

Is there a documented link to a national peace process? No

Link to national process: articulated rationale Although the 'Abyei issue' was an important component of the 2005 Sudan Comprehensive Peace Agreement, this agreement does not appear to be directly linked to the national-level peace process.
