Local agreement properties

Process type Formal structured process

Rationale This agreement is part of a series of initiatives launched between 1997-2007 aimed at ending the Adadda conflict. It is a response by the Burtinle conference chairs to the conclusion of the Burtinle Peace Agreement, 06/05/2007, that was mediated by traditional elders (Isimo) about two months after the conclusion of the 2007 Adadda agreement. The local peace process was supported by the Puntland administration and I/NGOs, among others.

Is there a documented link to a national peace process? No

Link to national process: articulated rationale	Neither the agreement text nor limited background research suggests a link to a national-level peace process.
