Third parties -

Description This 'agreement' involves two sets of signatures of elders 'pre-endorsing an agreement to be facilitated by a national arbitration committee - so endorsing this as the process by which the local conflict would be resolved. The agreement was later reached.

Local agreement properties

Process type Formal structured process

Rationale This is a pre-negotiation agreement that emerged as a result of the National Reconciliation Commission-led (NRC) peace initiative aimed at resolving the Idale conflict. The parties signed a full agreement about two weeks later (see Final Agreement from the National Reconciliation Commission-led Initiative, 15/01/2007). The NRC-led initiative was one of several attempts to end the conflict.

Is there a documented link to a national peace process?

Link to national process: articulated rationale Despite the involvement of the National Reconciliation Commission-led (NRC), neither the agreement text nor limited background research suggests a link to the national-level peace process.
