### Local agreement properties

Process type Formal structured process

Rationale This is a pre-negotiation agreement that emerged as a result of the National Reconciliation Commission-led (NRC) peace initiative aimed at resolving the Idale conflict. The parties signed a full agreement about two weeks later (see Final Agreement from the National Reconciliation Commission-led Initiative, 15/01/2007). The NRC-led initiative was one of several attempts to end the conflict.

Is there a documented link to a national peace process?

No

Link to national process: articulated rationale

Despite the involvement of the National Reconciliation Commission-led (NRC), neither the agreement text nor limited background research suggests a link to the national-level peace process.
