Local agreement properties

Process type	Formal structured process
Rationale	-> Link to national level; external support mechanism; culture of signing The agreement was facilitated and supported by the locally-established Dialogue Committees of the two cities under the auspices of the central government. Moreover, it is embedded in a culture of signing (and supporting) agreements in this locale between tribes. It is also the fruit of several meetings between the two cities.
Is there a documented link to a national peace process?	Yes
Link to national process: articulated rationale	The agreement is apparently linked to the national process as it was ratified by the Libyan state and approved by the Libyan government. Moreover, the agreement mentions that "the Libyan State commits to compensate for the damage this agreement compensates for outside the time period included in the General National Programme for Reparation".
