Local agreement properties

Process type Formal structured process

Rationale -> Link to national level; external support mechanism; culture of signing
Although the status of the Conflict and Resolution Committee is unclear, it appears that it is a formal national mechanism that aims to solve the conflict at a local level. The agreement is part of a larger peace process made of several UN-sponsored peace agreements aimed at bringing an end to the Battle of Tripoli. The agreement mentions " multiple meetings with the parties to the conflict".

Is there a documented link to a national peace process? Yes

Link to national process: articulated rationale The agreement seems to be linked to the national process. It is part of a larger peace process initiated by the United Nations Support Mission in Libya to put an end to violent clashes in south Tripoli.
