Local agreement properties

Process type	Informal but persistent process
Rationale	-> Link to national level; no external support mechanism; culture of signing Although the agreement was not supported by any formal mechanism at the national/regional level, it is embedded in a culture of signing (and supporting) agreements in this locale and in this timeframe (August/September 2018). The agreement mentions that the parties "Support[ing] the [previous] agreement that was signed between the parties in the Zawiyah municipality, which was sponsored by the United Nations delegation [...]".
Is there a documented link to a national peace process?	Yes
Link to national process: articulated rationale	The agreement seems linked to the national process. It was signed by local state leaders (mayors) from municipalities ostensibly on different sides of the conflict. Also, signing parties "call[ing] upon the UN delegation to bear its full responsibility towards the Libyan people".
