Local agreement properties

Process type	Formal structured process
Rationale	This agreement appears to be part of a set of agreements around the same time, for towns across Idlib governorate and the agreement source conveys a collective stance across localities for local communities and civil society groups or representatives to encourage de-escalation of fighting in their respective areas. In this agreement a representative of the provincial council also appears to be present and signs the agreement.
Is there a documented link to a national peace process?	Yes
