Rationale	The process that led to the signing of this agreement was supported by the Centre for Humanitarian Dialogue. A similar agreement was signed in Bankass circle (the Baye agreement of 25/07/2019), but limited background research does not suggest a track record of signing agreements in the Ouenkoro municipality specifically.

Link to national process: articulated rationale	The agreement was negotiated outside of the national-level peace process as it deals with local conflict in central Mali. The parties to this agreement are not part of the national-level peace negotiation framework.
