Local agreement properties

Process type Informal but persistent process

Rationale The agreement is part of a series of local agreements, many of which are witnessed or facilitated by MINUSCA. This shows that there is a persistent practice of local negotiations and agreements, even without sufficient evidence of a formal and structured process.

Is there a documented link to a national peace process? Yes

Link to national process: articulated rationale The agreement references the Political Agreement for Peace and Reconciliation (<https://peaceagreements.org/view/2147>) in multiple provisions, and is framed as a commitment on the part of the FPRC to remain within the national agreement's framework.
