### Local agreement properties

Process type	Formal structured process
Rationale	The agreement makes reference to following a model of iterative draft agreement and wider party signed agreement process. The agreement makes reference to the use of the same 'mechanism' used in Jebel Moon after inter-communal violence in July 2021 with increased violence breaking out in November. The agreement is supported by a witness and 'approved' by the Governor for West Darfur.
Is there a documented link to a national peace process?	No
Link to national process: articulated rationale	No clear reference in the text or from further research to indicate any link.
