Page 1, ... 2. The first step should be evacuating the first batch of the civilians to the closest convenient place in the Old City with the participation and attendance of the United Nation representatives and the International Committee of the Red Cross, preferably. In addition to that, teamwork from our side consists of social and medical commission, representatives of the Syrian Red Crescent and civil police, with female police agents in attendance.²⁸

The evacuated civilians will then be medically assisted and checked, accordingly with your collaboration. After that they will be given the choice to move into the refugee centre that was already equipped in a suitable place close to the Old City in the presence and knowledge of your representatives. This way their situation will be similar to other Syrians in the displaced centres where they can be supervised by the Ministry of Social Affairs, the organizations and the Red Crescent.²⁹

Alternatively they can go to any place of their own choice, including the Waar neighbourhood in the city of Homs.
