

**In the Name of Allah, Most Gracious, Most Merciful**

**Statement**

The Tebu Tribal Council to Coordinate and End the Sabha Crisis announces that it will continue to adhere to the ceasefire, except in cases of self-defense to allow the residents of the city of Sabha to effectively participate in the Libyan National Forum and create a suitable environment for them to express their opinions on the issues that are being addressed at this Forum out of our belief that dialogue is the only way for the crisis in Libya to end.

May Allah Preserve Libya
